Proposed Discontinued Route

Related Routes: D51, N84, Microtransit

WHY IS THIS PROPOSED?

Existing Route 44 would be discontinued due to relatively low ridership.

New Hilltop microtransit zone would provide coverage across much of the area including Beltzhoover, Arlington, Mt. Oliver, Bon Air, and Carrick.

Routes O47 and D51 would continue to serve the highest ridership segments through Downtown, Allentown, Knowville, Arlington, and Mt. Oliver.
